

## **PUMIN (LOUIS) YUVACHARUSKUL**

**Co-Founder & CEO, eatigo International Pte. Ltd., Thailand**

Pumin (Louis) Yuvacharuskul is the Co-Founder & CEO of eatigo International Pte. Ltd. in Thailand, where he aims to revolutionise the F&B industry by providing yield management opportunities for both stand-alone eateries, and hotel bars and restaurants across Asia.

Born in Thailand in August 1984, Pumin has proven to be an outstanding entrepreneurial role model of his generation.

His broad suite of skills comes from the wealth of experience he accumulated since his graduation in 2007. Prior to establishing eatigo International Pte. Ltd., Pumin started Nanology Co., Ltd., which produces and distributes 'Pi Water', creating a new genre of healthy drinking water in Thailand. The product has been accredited with the Prime Minister's Award, as well as the G-Mark and DEmark Design Awards in Thailand.

Full of energy and enthusiasm, Pumin also helps out his sister, Milin Yuvacharuskul, as Technical Consultant of "Milin", a leading fashion brand since 2009.

Pumin earned a Master's degree in Electrical and Electronic Engineering with Computer Science from the University College of London, UK. Pumin also has a passion for sports and enjoys participating in squash tournaments in his free time.
